1. All Congressional correspondence, regardless of subject, is routinely assigned to OLL for action.

2. I think that OS's role in Olympic security would be minimal. The Agency's involvement would, of course, be negligible compared with the FBI and other law enforcement entities. My feeling is that the largest piece of action would be carried on by [] IAD Terrorist folks, and perhaps OTS. OS would lend support when requested. In light of the foregoing, I think D/OLL should appear as the DCI's designee representing all component equities. I've discussed all this with [] and asked him to convey these thoughts to D/Security asking him to discuss directly with D/OLL.
